Subject: PJSTCA Letter Requesting Traffic Calming project on Lincoln Ave., PJS, NY

The Port Jefferson Station Terryville Civic Assoc. has received information that the town conducted a traffic use study for the Lincoln Ave. area in Port Jeff. Station, presently used as a short cut of Terryville Rd. The traffic situation for this residential road was discussed at the civic members at the PJSTCA May 25th mtg. The civic assoc. members reviewed and approved this letter to be sent to the town via email. This Civic Association as a practice does not Reject or Accept proposals, but the PJSTCA has voted that it has No Objections to this proposal.

The Civic Association would like to work with the Town on a Traffic Calming project for this Lincoln Ave. issue that would improve this community and create a safer street environment. We would appreciate being kept in the loop as the Town reviews it's traffic study and makes a proposal. We look forward again to working with the Brookhaven Highway Dept. in our Port Jefferson Station Terryville Hamlet.

Respectfully,

Sal Pitti, PJSTCA President (boyleroadcommunity@gmail.com)

Charles McAteer, PJSTCA Corr. Secy. (cfmcateer@gmail.com)
